

Environmental Policy

The Friends of Sandall Park is committed to leading the voluntary community in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- ✓ Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- ✓ Ensuring waste is managed and properly disposed of to protect the immediate environment.
- ✓ Actively promote recycling both internally and amongst its group members and suppliers.
- ✓ Source and promote product ranges for use at events to minimise the environmental impact.
- ✓ Accept responsibility for the harmful effects its operations may have on both the local and global environment and commit to reducing them.
- ✓ Meet or exceed all the environmental legislation that relates to parks and green spaces.
- ✓ Measure its impact on the environment and set targets for ongoing improvement.
- ✓ Will comply with all relevant environmental legislation.
- ✓ Raise awareness of environmental issues and enlist members support in improving the Group's performance.
- ✓ Encourage the adoption of similar principles by the parks visitors.
- ✓ Have consideration for the wildlife in all its activities.
